- Training
- Instruments

In what training style will this course be delivered?

This course will be delivered via a tutor led presentation and practical exercises

What if I want the course to be specific to our needs?

We prefer to customise all our courses to suit the client, as we recognise the individuality of every organisation. An informal discussion to assess your needs can be arranged at your convenience at your premises or if you prefer via telephone. **Please be aware that public courses will remain generic to suit a varied clientele but we will be happy to add any specifics that you wish to be included, providing our other clients are comfortable with this.**

How long will the training last?

This course is delivered in one day. An online exam is available to achieve the qualification and is 1½ hours long.

What customer care can I expect from Training Solutions 2000?

Training Solutions 2000 are available from 9.00 – 5.00 on weekdays to discuss anything relating to the course you have booked before, during and after it has been delivered.
